We are testing different grade levels most mornings. Please help assure that your children are able to be at school on time. We will start the testing as soon as the school day begins. Encourage them to get a good night's sleep and eat breakfast before coming to school. AzMerit is a state-mandated test. If your child misses the exam, there are make-up sessions to assure he/she has the opportunity to take the test. There will be 3 days where we reverse some classes to help balance the periods affected by the testing.

Life Science Students Studying...Life!

Last week was an exciting week for our seventh graders! On Monday, Liberty Wildlife brought a peregrine falcon, great-horned owl, Gila monster, and bald eagle. Our students were able to ask thoughtful questions and see firsthand the raptor adaptations they had learned about. Last Friday the seventh graders took a field trip to the South Mountain Environmental Education Center, where

we enjoyed gorgeous Sonoran scenery and weather. The students took part in activities involving habitat fragmentation, patterns in nature, and plant and animal adaptations and connections. The staff of Liberty Wildlife and the Education Center all conveyed high praises for our students in regard to their engagement, questions, and courteous behavior! This week in our classroom we have Coturnix quail eggs in our incubator as well as a praying mantis egg case and painted lady butterfly caterpillars.
